

Based on CDC recommendations for appropriate disinfectants, MSA recommends the following for use with Respiratory Protection Equipment, inclusive of Self Contained Breathing Apparatus, Air Purifying Respirators, Powered Air Purifying Respirators, and related accessories (adapters, cylinders, etc.):

1. MSA Confidence Plus® 2, MSA part number 10009971 (US version)
2. Disinfectants on EPA List N that meet the following criteria:

<https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2>

- a) Quaternary ammonium compounds as their active ingredients and an EPA Reg. No. starting with 47371-130
3. MSA does NOT recommend the use of disinfecting solutions containing strong oxidizers (e.g., free chlorine, sodium or potassium hypochlorite, chlorine dioxide, peroxides, etc.) as repeated use may adversely affect MSA Respiratory products
